

# Danish Diabetes Academy

Symposium on  
Co-morbidities in Diabetes

14-15 August 2019

Sinatur Hotel Storebælt  
Østerøvej 121, DK-5800 Nyborg

# Programme

## Wednesday 14 August

- 08:15-09:15 Registration, coffee & light breakfast
- 09:15-09:30 Welcome  
MD, PhD student **Tobias Bomholt**, Rigshospitalet (DK)
- Session I** **Diabetic kidney disease: New evidence on epidemiology, pathophysiology and treatment principles**  
Chair: MD, PhD student **Tobias Bomholt**, Rigshospitalet (DK)
- 09:30-10:00 Renal Histology in T2DM  
Professor **Esteban Porrini**, Hospital Universitario de Canarias (ES)
- 10:00-10:10 Questions & answers
- 10:15-10:45 Epidemiology and consequences of kidney complications in patients with type 2 diabetes at present and the next 10 years  
Professor **Peter Rossing**, SDCC, University of Copenhagen (DK)
- 10:45-10:55 Questions & answers
- 10:55-11:25 Coffee & networking
- 11:25-11:55 GLP-1/SGLT2 treatment and renal endpoints  
Professor **Bo Feldt-Rasmussen**, Rigshospitalet, University of Copenhagen (DK)
- 11:55-12:05 Questions & answers

12:05-13:05 Lunch

**Session II**      **Diabetic heart disease: New evidence on epidemiology, pathophysiology and treatment principles**

Chair: Associate Professor **Morten Schou**, Herlev Hospital, University of Copenhagen (DK)

13:10-13:40      Epidemiology and pathophysiology – interactions between type 2 diabetes and the heart

Associate Professor **Henrik Wiggers**, Aarhus University Hospital (DK)

13:40-13:50      Questions & answers

13:55-14:25      Treatment of diabetic heart disease – present time and in the future

Associate Professor **Morten Schou**, Herlev Hospital, University of Copenhagen (DK)

14:25-14:35      Questions & answers

14:35-15:15      Coffee & networking

15:15-15:25      Preparation of questions to the panel debaters

15:25-15:55      Panel discussion & closing remarks

Chair: Associate Professor **Morten Schou**, Herlev Hospital, University of Copenhagen (DK)

# Programme

## Thursday 15 August

08:15-09:00 Coffee & light breakfast

**Session III** **Diabetic eye disease: Epidemiology, pathophysiology and treatment principles**

Chair: Professor **Jakob Grauslund**, Odense University Hospital (DK)

09:00-09:30 Pathophysiology changes related to diabetic retinopathy  
Professor **Toke Bek**, Aarhus University (DK)

09:30-09:40 Questions & answers

09:45-10:15 Screening of diabetic retinopathy  
Professor **Jakob Grauslund**, Odense University Hospital (DK)

10:15-10:25 Questions & answers

10:25-10:55 Coffee & networking

10:55-11:25 Treatment of diabetic retinopathy  
PhD student **Søren Blindbæk**, Odense University Hospital, University of Southern Denmark (DK)

11:25-11:35 Questions & answers and session concluding remarks

**Session IV** **Diabetic liver disease: Epidemiology, pathophysiology and treatment principles**

Chair: MD, PhD, Associate Professor **Maja Thiele**, Odense University Hospital (DK)

11:40-12:10 Metabolomics and lipidomics applied to liver disease  
Principal Investigator, PhD **Cristina Legido-Quigley**, SDCC (DK)

12:10-12:20 Questions & answers

12:20-13:20 Lunch

13:20-13:50 Liver disease – a forgotten complication of type 2 diabetes  
MD, PhD **Hannes Hagström**, Karolinska University Hospital (SE)

13:50-14:00 Questions & answers

14:05-14:35 Identifying significant liver disease in type 2 diabetes and changing clinical pathways  
Associate Professor **Neil Guha**, University of Nottingham (UK)

14:35-14:45 Questions & answers and session concluding remarks

14:45-15:15 Coffee & networking

15:15-15:35 The Novo Nordisk Foundation's new initiative for people with diabetes and co-morbidities  
Head of Patient Care **Jannik Hilsted**, Novo Nordisk Foundation

15:35-15:45 Closing remarks  
MD, PhD, Associate Professor **Maja Thiele**, Odense University Hospital (DK)

15:45-16:45 Wine & networking

Danish Diabetes Academy
