

Danish Diabetes Academy

How to present your
research to the public

19 and 20 October 2020

MBK Conference Center
Pilestræde 62
DK-1112 Copenhagen K

Programme

19 October 2020

08:30-09:00 Registration & light breakfast

09:00-10:30 Welcome, Start of day 1 and Introduction

Lead Trainer and Training Product Manager **Nellie Linander** and COO and Vice Education Director **Gretchen Repasky**, Elevate Scientific Academy (SE)

Why communicate science?
Instructor example presentation
Frame your presentation

Drawing on insights into cognitive, neuro and social sciences we present key ingredients for planning and framing your communications. Here we talk about the importance of understanding your audience and the psychology of curiosity. Through exercises you will get to practice these concepts and work on your own presentations

10:30-11:00 Coffee break

11:00-12:30 Organize your presentation

Here we introduce narrative theory and the elements and structure of scientific stories. You will get a chance to practice these concepts and develop your own narrative for your presentation.

12:30-13:30 Lunch

13:30-15:00 Visualize your presentation and engage with your audience

Here we introduce visual techniques to complement your story, including using props and body language and techniques for engaging and confident delivery. We will also discuss how to manage public speaking anxiety.

15:00-15:20 Coffee break

15:20-17:00 Visualize your presentation and engage with your audience
(continued)

18:00-20:00 Dinner TBA

Programme

20 October 2020

08:30-09:00 Light Breakfast

09:00-10:30 During the second day, you will get a chance to practice delivering your short talk in front of a live audience and a video camera, and get constructive feedback from your peers and your instructors. There will be two rounds of presentations with time for implementing feedback in between. If desired, your final talk will be recorded for you to be able to analyse yourself further

Round one of presentations

10:30-10:50 Coffee break

10:50-12:15 Round one of presentations (continued)

12:00-13:00 Lunch

13:00-14:00 Time to implement feedback

14:00-15:00 Round two of presentations

15:00-15:30 Coffee break

15:30-17:00 Round two of presentations (continued)

17:00-17:15 Summary and end of day 2

Organising Committee

The workshop is organised by the Danish Diabetes Academy in collaboration with the Danish Diabetes Association and Elevate Scientific Academy.
